		All locations linked to these locations as a shipper, consignee or bill to:
MGSEABOARD		Seaboard Corp

6. FTP Setup for EDI Messages

- Our FTP server is firewall protected, which requires us to specifically allow access. Please provide the external IP address(s) you will use for communication. We will send a confirmation when you are cleared.
- You can retrieve test files containing representative 204 messages via FTP:

DNS name:	ftpcry.mercurygate.net
IP Address:	216.27.12.207
Receiver ID:	(See list above)

Production:	
User ID:	rasy
Password:	7@sY3dKg

7. Once logged into the FTP site there will be two subdirectories (Inbound and Outbound).

Retrieve all 204's and 997's from the "Outbound" directory.

We look forward to working with you to provide this valuable service to our customer.
